INTRODUCTION

If you were a customer doing business with your company, what would most frustrate you in this effort? As I share my findings from the customer focus groups, I'm going to tell you what these frustrations are and what you can do to address them to increase the quality of the service you provide.

STATISTICS

When a plant doesn't grow, you fix the environment it's subjected to, not the plant.

STATISTICS

Dealing with customer's complaints sensitively and efficiently is important to our business's success.
